Appendix C: Inventory Forms

Two separate inventory forms were used to collect data for the July 2004 through June 2009 Public Infrastructure Needs Inventory on which this report was based. The General Inventory Form is used to record information about the need for new or improved infrastructure, including new schools. The Existing Schools Inventory Form is used to record additional information about the conditions and facility needs at existing public schools from kindergarten through high school.

Survey forms from the United States General Accounting Office (GAO) provided the original model for the forms used in the first inventory of infrastructure needs in Tennessee during 1997. Since that time, the inventory form has been further customized to best meet the requirements of Chapter 1101, Public Acts of 1998, and Chapter 672, Public Acts of 2000 (see Appendix A).

Staff from Tennessee’s nine development districts use the inventory forms to gather information for the inventory from local government officials and agencies in each county. They include at a minimum:

- county executives,
- mayors,
- local planning commissions,
- local public building authorities,
- local education agencies,
- utility districts, and
- county road superintendents.

TACIR has tried to strike a balance between requiring sufficient information to satisfy the intent of the law and creating an impediment to local officials reporting their needs. By law, the inventory is required of TACIR, but it is not required of local officials. Local officials may decline to participate without penalty; similarly, they may provide only partial information, making comparisons across jurisdictions difficult. But with each annual inventory, participants have become more familiar with the process, and more supportive of the program.

Extensive efforts are made to ensure that the information collected is accurate and meaningful. Development district staff work closely with local officials to make sure they are accurately capturing information. After development district staff enter information into the inventory database, there are extensive quality control programs run to make sure information is entered correctly and is internally consistent.

With each inventory, TACIR staff assesses the potential for over or underreporting by comparing reported needs to indicators of need, such as county size and population, and to factors related to ability to fund infrastructure, such as taxable property and sales.
Appendix C: Inventory Forms

State of Tennessee
Tennessee Advisory Commission on Intergovernmental Relations
General Public Infrastructure Needs Inventory Form
Includes K-12 New School Construction & System-wide Needs

Include projects needed to be in some stage of development at any time between July 1, 2004, and June 30, 2024.
Record all information based on the project status as of July 1, 2004.
Each project must involve a cost of fifty thousand dollars ($50,000) or greater to be included in this inventory.

1. Project Number: ______________
   An eight-digit alphanumeric identifier that is auto generated by the development district during data entry.

2. Classify this project as one of the following options:
   ___ Infrastructure
   ___ Other Capital Project (e.g., CEDS)

3. Is this a regional project [i.e., serving more than one county]?   Yes or No __________

4. Development District(s): ________________________________
The development district that serves this location.

5. County(ies): ________________________________
   County where the project is located or multiple counties if this is a regional project.

6. City(ies): ________________________________
The city or cities in which this project is located. If outside a municipality, record as “unincorporated”.

7. Entity(ies) responsible for the project: ______________
The entity that will oversee the implementation of the project.

8. Owner:
   The entity (e.g., agency, department, etc.) that will hold legal title to the capital facility or land asset upon completion of the project. If leased, record lessee entity here and note in Question 12 that this project involves a lease.

9. Level of government that will own the infrastructure:
   ___ City
   ___ County
   ___ Joint (multiple levels of government)
   ___ State
   ___ Other (utility district or public-private venture, etc.)

10. School System, if applicable
    School System Number: ______________
    School System Name: ________________________________

11. Type of Project:
   List A (select no more than one)
   Business District Development
   Community Development
   Fire Protection
   Housing
   Industrial Sites & Parks
   K-12 New School Construction
     new school  replacement
   Law Enforcement
   LEA System-wide Need
   Libraries, Museums, & Historic Sites
   Navigation
   Non K-12 Education
   Other Facilities
   Public Buildings
   Public Health Facilities
   Recreation
   Solid Waste
   Water & Wastewater
     water supply  wastewater

   List B (select no more than one)
   Other Utilities
   Property Acquisition
   Stormwater
   Telecommunications
   Transportation (select sub-type)
     air    bridge
     rail    road
     other __________________

12. Project Name: __________________________________________________

13. Project Description:

14a. What is the primary reason for this project?
   Economic Development
   Population Growth
   Federal Mandate
   Other
   Community Enhancement
   Public Health or Safety
   State Mandate
   Combination (check all that apply)

14b. If the primary reason for the project is mandate compliance, then list the applicable mandate(s):

15a. What is the estimated cost of this project? $____________________

15b. Are sufficient funds available to complete this project? Yes or No

15c. List available dollars and funding sources (show all that apply)
   Local contribution $____________________
   Local source (revenue source) ______________________
   State contribution $____________________
   State source (agency) ______________________
   Federal contribution $____________________
   Federal source (agency) ______________________
   Other contribution (private funds, etc.) $____________________
   Other source (donor, etc.) ______________________

15d. If there are not sufficient funds to complete this needed project, how much additional funding will be needed? $____________________
15c. Does the cost of this project include a lease? Yes or No __________

If yes, what is the annual cost? ______________

What is the term of the lease? Begin date: ____________ End date: ____________

16. Fiscal Year in which project will begin: ________________

Fiscal year (July 1 to June 30) in which project costs will begin to be incurred

17. Fiscal Year in which project will end: ________________

Fiscal year (July 1 to June 30) in which the completed project will begin to provide the intended public benefit

Note: Fiscal years are identified by the year in which they end [e.g., July 1, 2004 is FY2005].

18. Stage of project development as of July 1, 2004:

☐ Conceptual: has an estimated cost, but not yet in planning & design
☐ Planning & Design: has specific engineering or architectural drawings
☐ Construction: design plans are being executed

If the project was reported in a prior survey, you may need to report the project stage as Complete or Canceled if work is no longer active.

☐ Completed: construction or acquisition is concluded and the capital facility or land asset is available to provide the intended public benefit.
☐ Canceled: terminated at any stage from conceptual through design or construction

19. If this project is now complete, provide the total square footage and the final cost.

Square footage ______________  Final cost $______________  Fiscal Year Completed __________

20. Is this project listed in a capital improvement program (CIP)? Yes or No __________

21a. Is this project linked to other projects in the inventory? Yes or No __________

Projects are “linked” if two or more projects are required to achieve a functional result (e.g., a transportation project might be linked to an industrial site project or a utility project might be linked to a public building project, etc.).

21b. If this project is linked, provide the other project name(s) and project number(s).

<table>
<thead>
<tr>
<th>Name of linked project</th>
<th>Project Number of linked project</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>(The development district staff person can supply this information.)</td>
</tr>
</tbody>
</table>

22. Location of Project: __________________________________________

23. Identify the P.C. 1101 Growth Boundary in which this project will be located.

☐ Existing city limits of an incorporated area
☐ Urban Growth Boundary of an incorporated area
☐ Planned Growth Area established by the county
☐ Rural Area designated by the county
☐ Combination (check here and others that apply)

☐ This entity does not have an official growth plan.
(Only Hartsville-Trousdale, Lynchburg-Moore, and Nashville-Davidson)

☐ Site location has not been determined—this option is valid only for projects in the conceptual stage.

24. Respondent/Contact Person: ____________________________________

The person who provided the answers to this form.

25. Contact Person’s Title: ________________________________________

26. Contact Entity: ______________________________________________

27. Contact Person’s Telephone Number: ______________________________

28. Surveyor: ____________________________________________________

Contractor who interviewed respondent or otherwise gathered the data recorded in the inventory.

Surveyor’s Notes: ________________________________________________
State of Tennessee  
Tennessee Advisory Commission on Intergovernmental Relations  
Existing School Facility Needs Inventory Form

Include projects needed to be in some stage of development at any time between July 1, 2004, and June 30, 2024. 
Record all information based on the condition or project status as of July 1, 2004.

Each component project at the school must involve a cost of fifty thousand dollars ($50,000) or greater to be included in this inventory of needs.

A. SCHOOL IDENTIFICATION
A1. School Number: ________________
A two part seven-digit number that is unique to each school. It is the same numbering system used by the TN Dept. of Education to identify each Local Education Agency (LEA) and school facility.

A2. Development District: ________________
The development district that serves this school.

A3. County: ________________
The county in which this school campus is located.

A4. School System Name: ________________
The name of the school system that operates this school campus.

A5. School Name: ________________
The legal name of the school.

A6. School Status: ________________ Begin Date: ____________ End Date: ____________
(e.g., Active, Inactive, Pending)
Most recent activation date. Most recent inactivation date.

B. CAMPUS AND PROJECT INFORMATION
B1. Construction date of main campus building: ____________
Indicate the year of construction for the main building on campus.

B2-a. Recent construction or renovations:
List each project that occurred within the last five years if its cost was equal to or greater than $50,000. List projects by type (e.g., new school, classroom, science lab, auditorium, cafeteria, library and gym projects should be listed separately).

<table>
<thead>
<tr>
<th>Project</th>
<th>Year Completed</th>
<th>Sq. Footage</th>
<th>Total Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

B2-b. Will the school use leased space to meet its facility needs? Yes or No ______
If yes, list the annual cost: ________________ What is the term of the lease? Begin date: ____________ End date: ____________

B3. Are any of this school’s facilities shared with another educational institution? Yes or No: ________________
If “yes”, list the shared facility, the institution with which it is shared and the reason for sharing.

<table>
<thead>
<tr>
<th>Shared Facility</th>
<th>Sharing Institution</th>
<th>Reason</th>
</tr>
</thead>
<tbody>
<tr>
<td>Example: Gymnasium</td>
<td>ABC Middle School</td>
<td>The middle school does not have a gym</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

B4. Does this school conduct programs/classes off-campus because of inadequate facilities? Yes or No: ________________
If “yes”, list the program, the off-campus location, and the reason.

<table>
<thead>
<tr>
<th>Program</th>
<th>Off-Campus Location</th>
<th>Reason</th>
</tr>
</thead>
<tbody>
<tr>
<td>Library research class</td>
<td>XYZ Middle School</td>
<td>Our school’s library is inadequate.</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
B5. Is there a plan to close this facility within the next five years? Yes or No: __________ If “yes”, provide the date of closure and identify the replacement facility if applicable.

<table>
<thead>
<tr>
<th>Date of Planned Closure</th>
<th>Name of the Replacement School</th>
<th>Project Number of the Replacement School</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

B6. Is there a plan to change the function of this facility within the next five years? Yes or No: __________ If “yes”, provide the date of change and identify the new function.

<table>
<thead>
<tr>
<th>Date of Planned Change in Function</th>
<th>New Function</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

B7. List all technology infrastructure needs at this facility. Technology infrastructure includes capital assets such as electronic devices and computers. For purposes of this inventory, technology does not include application software (e.g., Accelerated Reader, MS-Office) or telecommunication devices (e.g., telephones, radios). Technology infrastructure projects may be included regardless of cost. All other projects included in this inventory must involve a capital cost of not less than fifty thousand dollars ($50,000).

<table>
<thead>
<tr>
<th>Technology Infrastructure Need</th>
<th>Cost Estimate</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>$</td>
</tr>
<tr>
<td></td>
<td>$</td>
</tr>
<tr>
<td></td>
<td>$</td>
</tr>
<tr>
<td></td>
<td>$</td>
</tr>
<tr>
<td></td>
<td>$</td>
</tr>
</tbody>
</table>

B8. Record the costs this school will incur to comply with federal and state facility mandates. Federal and state mandates are any rule, regulation, or law originating from the federal or state government that result in a project to be implemented at the local level. Record a mandate project only if the entire project is the result of a mandate. Costs associated with the Education Improvement Act of 1992 (EIA) will be captured only in section C; therefore, do not report EIA costs in this table. If there are other federal or state mandates not shown in the table, then list the level of government, the mandate, the compliance need, and the cost in the blank rows of the table.

<table>
<thead>
<tr>
<th>Level of Government</th>
<th>Mandate</th>
<th>Describe compliance need(s):</th>
<th>Cost of Compliance</th>
</tr>
</thead>
<tbody>
<tr>
<td>Federal</td>
<td>Americans with Disabilities Act</td>
<td></td>
<td>$</td>
</tr>
<tr>
<td>Federal</td>
<td>Asbestos</td>
<td></td>
<td>$</td>
</tr>
<tr>
<td>Federal</td>
<td>Lead</td>
<td></td>
<td>$</td>
</tr>
<tr>
<td>Federal</td>
<td>Underground Storage Tanks</td>
<td></td>
<td>$</td>
</tr>
<tr>
<td>State</td>
<td>Fire Codes</td>
<td></td>
<td>$</td>
</tr>
<tr>
<td>Check one Federal</td>
<td></td>
<td></td>
<td>$</td>
</tr>
<tr>
<td>Check one State</td>
<td>Federal</td>
<td></td>
<td>$</td>
</tr>
<tr>
<td>Check one State</td>
<td>Federal</td>
<td></td>
<td>$</td>
</tr>
<tr>
<td>Check one State</td>
<td>Federal</td>
<td></td>
<td>$</td>
</tr>
<tr>
<td>Check one State</td>
<td>Federal</td>
<td></td>
<td>$</td>
</tr>
<tr>
<td>Check one State</td>
<td>Federal</td>
<td></td>
<td>$</td>
</tr>
</tbody>
</table>
B9. Using the facility rating scale provided here, rate the condition of the various facility components at this school and estimate the cost to bring all components to a “Good” condition. (Do not include costs recorded in sections B 7, B 8 or section C.) Please enter general school-wide renovations in B10.

### FACILITY RATING SCALE:
- **Excellent:** can be maintained in a “like new” condition and continually meet all building code and functional requirements with only minimal routine maintenance.
- **Good:** does not meet the definition of “excellent”, but the structural integrity is sound and the facility can meet building code and functional requirements with only routine or preventive maintenance or minor repairs that do not hinder its use.
- **Fair:** structural integrity is sound, but the maintenance or repairs required to ensure that it meets building code or functional requirements hinder—but do not disrupt—the facility’s use.
- **Poor:** repairs required to keep the structural integrity sound or to ensure that it meets building code or functional requirements are costly and disrupt—or in the case of an individual component may prevent—the facility’s use.

### STAGE OF PROJECT:
The current stage of development for a project recorded in the Public Infrastructure Needs Inventory should be recorded based on its status as of July 1, 2004, and it may be any one of the following:
- **Conceptual:** identified as an infrastructure need with an estimated cost, but not yet in the process of being planned or designed.
- **Planning/Design:** development of a set of specific drawings or activities necessary to complete a project identified as an infrastructure need.
- **Construction:** actual execution of a plan or design developed to complete or acquire a project identified as an infrastructure need.
- **Completed:** construction or acquisition is concluded and the capital facility or land asset is available to provide the intended public benefit.
- **Canceled:** terminated at any stage from conceptual through design or construction; eliminated from consideration for any reason other than completion; to be removed from the Public Infrastructure Needs Inventory.

</table>
B10. Does this school need to add any components or make general school-wide renovations (such as HVAC, new roof, energy efficient windows, etc.) in order to accommodate the needs of its students and teachers? (Do not include existing components listed in B9 or needs listed in response to other questions or those associated with the EIA; record those needs in Section C below.)

Yes or No _______

If “yes”, complete the following table.

<table>
<thead>
<tr>
<th>Component/General Renovation</th>
<th>Number</th>
<th>Description and Reason</th>
<th>Stage of Development</th>
<th>Estimated Cost</th>
</tr>
</thead>
<tbody>
<tr>

</tbody>
</table>

B11. Rate the overall condition of the entire school. Consider the ratings given to each of the various components in question B9 when evaluating the overall condition of the entire school, and then apply the definitions in the FACILITY RATING SCALE.

<table>
<thead>
<tr>
<th>Excellent</th>
<th>Good</th>
<th>Fair</th>
<th>Poor</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

C. EDUCATION IMPROVEMENT ACT OF 1992 (EIA)
The EIA is a law enacted by the Tennessee General Assembly in 1992 that had the effect of, among other things, requiring additional teachers and therefore additional classrooms to be in place by the beginning of the 2002-03 school year. Record only EIA related costs here. Other costs related to facility condition (e.g., restrooms, libraries, etc.) should be reported in section B9.

C1. As of July 1, 2004, does this facility have enough classrooms to accommodate the EIA teacher-pupil ratio?

Yes or No ___________ If “yes”, then skip to section D. If “no”, continue.

C2. If there are not enough classrooms, then please explain how the teachers employed to meet the EIA requirement will be accommodated in school year 2004-05 (e.g., by using the stage in the gym).

C3. How many additional classrooms would this school need to comply with the EIA in school year 2004-05?

C4. Estimate the cost for each addition of classrooms (permanent or portable) necessary to comply with the EIA teacher-pupil ratio in school year 2004-05.

<table>
